TO WHOMSOEVER IT MAY CONCERN

This is a recommendation letter for M/s. Tokyo Pumps Trading, U.A.E. for their commitments and professional service extended towards our various projects and Property maintenance works.

M/s. Tokyo Pumps Trading is having highly proficient and reliable team of professionals who are very much capable in handling any kind of project, in particularly in irrigation work, agriculture materials, equipments, submersible motors, pumps, cables and pipes.

Beside of being an Experienced Trading company they are very excellent in servicing and repairing of motors & pumps including supply and installation of new pumps and motors.

We found them very hard working, prompt, reliable and sincere in their commitments.
